

# REGULATORY SERVICES IN MALTA

## WHAT CHALLENGES ARE COMPANIES FACING?

The regulatory landscape in Malta's banking and investment services sectors is changing at a rapid pace, making it increasingly difficult to stay informed of each new development.

Each year, there are an average of three to five amending acts and 40-50 new regulations, nine to ten of which are new investment services rules. Between 2015 and 2018 for example, credit institutions faced increases to the following requirements:

TOTAL CAPITAL  
REQUIREMENTS  
RATIO  
>14% to >16%

COMMON  
EQUITY TIER 1  
RATIO  
>11% to >14%

MINIMUM  
LIQUIDITY  
COVERAGE RATIO  
>60% to 100%

## HOW IS THE SUPPORT PROVIDED?

Our flexible service offering can be adapted to fit our clients' individual needs. The two most popular approaches our clients choose are **outsourcing** all or some regulatory services and receiving **project-based** support.

### 1. OUTSOURCING

- Regulatory reporting (eg. BR06 / COREP)
- Internal audit
- Financial reporting (eg. FINREP / Annual reports)
- Provision of ongoing and ad hoc training

### 2. PROJECT-BASED

- Support on the implementation of new / amended regulations (eg. CRR2)
- Specific deliverables (eg. ICAAP, ILAAP, NPLS Reduction Plans and Recovery Plans)
- Support in the implementation of tools, integrating and strengthening of existing systems

## WHY SEEK REGULATORY SUPPORT?

While busy managing your day-to-day business, the burden of managing your compliance with new EU and Maltese regulations can be immense. Instead, transform your regulatory requirements from a "necessary evil" to peace of mind and security, knowing your operations are in trusted hands with our experts in Malta's laws and regulations.

Alter Domus' Regulatory Services comprise the following:

### Operational Change Management

Optimising processes and managing change and priorities to ensure full control over requirements and deadlines

### Good Governance

Implementing good governance practices around the entire regulatory process from ongoing monitoring to decision-making

### Leveraging Regulatory Data

Employing regulatory information in the ordinary course of business

### Digital Transformation

Driving digital transformation in your entity through a consulting approach that leverages people, processes and information

### Reporting on Key Metrics

Setting up a key metrics and thresholds dashboard to facilitate regular monitoring and optimisation

### Forward-Looking Approach

Preparing for upcoming regulatory changes and the impacts that these will have on your business

# WHY CHOOSE ALTER DOMUS?
